Description

Newfoundland Men – A Collection of Biographical Sketches

By Henry Youmans Mott (1894)

Newfoundland Men – A Collection of Biographical Sketches by Henry Youmans Mott, published in 1894, is a valuable collection of biographical portraits that highlights the lives of prominent individuals from Newfoundland in the late 19th century. Mott, a local historian and writer, presents detailed sketches of influential figures who contributed to the economic, political, and cultural development of the island. The book covers a range of professions, including politicians, business leaders, educators, and community activists, offering a snapshot of the men who helped shape Newfoundland's identity during this formative period.

Mott's work provides not only personal details but also contextualizes the achievements of these men within the larger framework of Newfoundland's growth

and challenges as a colony. As such, *Newfoundland Men* is a key resource for historians and genealogists interested in the province's heritage, particularly in terms of its leadership and social structure at the time. With its combination of personal stories and historical context, the book remains an important reference for anyone studying the early history of Newfoundland and the individuals who helped define it.
