LOT 17 - Year Book of Newfoundland 1913

Description

Year Book of Newfoundland 1913

The *Year Book of Newfoundland 1913* is a comprehensive almanac that offers a detailed snapshot of the island's socio-economic and political landscape at the beginning of the 20th century. This volume provides a wealth of information on Newfoundland's government, industries, infrastructure, and key institutions, as well as insights into its population, natural resources, and the challenges it faced as a dominion of the British Empire.

The book includes statistical data, government reports, and details about prominent businesses, social organizations, and cultural activities in Newfoundland. It also highlights the province's key industries, such as fisheries and shipbuilding, and offers an overview of the growth of communities across the island. As an official yearbook, it serves as both a practical reference and a historical record, showcasing the island's

development and its integration into the broader colonial system during a period of significant change.

For historians, researchers, and genealogists, the *Year Book of Newfoundland 1913* is an invaluable resource that preserves a moment in time when Newfoundland was on the brink of important economic and political transitions, making it an essential reference for anyone studying Newfoundland's history.
