LOT 1082 - Table Juke Box

Description

The **Solotone Table Top Juke Box Entainer (Radio-TV) with Volume Control** is a compact and stylish jukebox from 1949-1950, designed for versatile entertainment. This model offers a selection of **14 options: 10 records** for music playback, **3 preset radio stations**, and **1 additional slot** for radio or TV sound. This variety of selections provides a unique listening experience, bridging traditional jukebox functionality with radio and early television audio.

Designed to operate with **nickels (5 cents)** and **dimes (10 cents)**, it served as a convenient entertainment hub in various venues. The volume control feature allowed users to adjust the sound to their preference, which was a modern addition for the time.

Hasn't been tested.
