LOT 311 - 1690 Vincenzo Coronelli . "Frislanda: Scoperta da Nicolo Zeno Patrito Veneto Credulata fauolosa, one

Description

1690 Vincenzo Coronelli . "Frislanda: Scoperta da Nicolo Zeno Patrito Veneto Credulata fauolosa, onel Mare Somersa".

This interesting little map is trimmed from a large sheet that contained four maps. It depicts the mythical island of Frislanda, which was purportedly discovered by the Zeno brothers in a 14th century voyage into the North Atlantic. The map also includes the southern part of Greenland in the old format with two large islands forming its southern tip. The map is beautifully engraved in Coronelli's elegant style and embellished with a fine title cartouche.
